

PROFILE OF A CHAPLAIN

CHAPLAIN RICHARD A GEORGE:

Chaplain George is one of a number of new Officer's who has recently joined the 864th Engineer Battalion. Much to the frustration of the other Engineer types, he still refers to Companies as Batteries, thus indicating his past military assignments.

After attending the Chaplain's School at Fort Hamilton, New York, he was assigned to the 6/71st, a HAWK Missile Battalion, at Fort Bliss, Texas. Later he was assigned to the Army Air Defense Center Range Command, which is the worlds largest Guided Missile Range and fires all the tactical missile units of the Army. Following this assignment, Chaplain George was assigned to the 4/62nd, a mobile Nike Hercules Battalion. From there he went to the 6/56th, another HAWK STRAC Battalion. During this period of time, he was the Stockade Chaplain and acted as Chaplain of the Sixth Artillery Group.

Chaplain George is a Presbyterian Minister and a member of the Presbytery of Lake Erie. Prior to being commissioned as a Chaplain, he was the minister of The Parish of the Master in Northwestern Pennsylvania. He has been involved in Scouting and has directed youth camps of the Presbyterian Church for a number of years.

Chaplain George was graduated from Rocky Grove High School, in Franklin, Pennsylvania, and later graduated from Geneva College in Beaver Falls, Pennsylvania, with a Bachelor of Science Degree in Biology. He lettered in track and cross-country both in high school and college.

After graduating from Geneva College, he entered Western Theological Seminary in Pittsburgh, Pennsylvania. From there he went to Pittsburgh Theological Seminary where he received a degree in Theology. His graduate work was completed at The University of Pittsburgh and Texas Western College.

For relaxation, Chaplain George enjoys flying, fishing and boating. He still runs track and is a regular handball player.

A woman who runs a nursery school in San Bruno, California was delivering a station-wagon load of kids home one day when a fire truck zoomed by. Sitting on the front seat of the fire truck was a Dalmatian dog. The children fell to discussing the dog's duties. "They use him to keep the crowds back," said one five-year old. "No," said another, "he's just for good luck." A third child brought the argument to an end. "They use the god," he said firmly, "to find the fire plug!" --San Francisco CHRONICLE
